The roper must be a Life or Active NACA member, and a TCCA member. These Breeders also have the option of choosing to have the Roping Committee draw a roper to represent them from a list of available ropers.
- All roping Breeders, regardless of ability, are encouraged to enter the roping. Roping Breeders are not allowed to appoint or draw a roper to represent them. If a roping Breeder draws or appoints a roper, his or her entry will be withdrawn and the entry fee forfeited.
- The Breeder must be in attendance at the TCCA show to enter the roping.

8. OTHER INFORMATION

The TCCA wants all cattle entered in our show to arrive in healthy, "well-cared-for" condition. Trailing cattle to shows is a natural stressor; the high temperature and high humidity common in Texas in late April should be taken into account, especially for cattle still carrying winter coat. Therefore, your cattle will likely need more feed and water than usual. Given the amount of media attention, numerous visitors, and potential buyers looking at our animals at our show, this is a golden opportunity for some very effective p.r. All of us need to work together to be mindful of the condition of our cattle, and keep them properly fed and watered. Anybody needing help with stock care at our show is welcome to contact the Show Manager or Show Secretary--we'll be glad to organize some assistance!
